MEMORANDUM FOR THE RECORD

SUBJECT: Inspector General's Survey of Printing Services Division,
September 1966

1. A few days ago, Ed Proctor asked if we would make available to him a copy of the last Inspector General's Report of Survey of Printing Services Division. He wished to read this in connection with the assignment to the DD/I of the responsibility for leading a study of Agency printing requirements. He had asked the IG's Office for a copy, but had been told that release would have to be made by the Directorate or component concerned.

2. After reading the report, I telephoned Proctor to suggest that there was really nothing in the report over and above the sections which went to the DD/I which were pertinent or appropriate to his publications requirement study. I then read to him the subject matter of each of the eight recommendations and he agreed that there was no point in his carrying his inquiry any further. I assured him that the text did not get into the matter of requirements versus personnel capabilities.
